JAPANESE PRAISE BRAVE RUSSIANS

Applaude Czar's Officers Who Refuse to Accept Parole.

25,000 RUSSIAN SOLDIERS KILLED

Casualties at Port Arthur Have Been Enormous—Prisoners Captured Will Soon Be Transported to Japan—Other War News from Far East.

Tokio, Jan. 9.—Noon.—It is believed the Russian casualties at Port Arthur will total about 25,000.

The Japanese, who express great admiration for General Fock and the other officers for refusing parole and standing by the men of their army, are busily preparing to receive the Russian prisoners from Port Arthur. The first batch of 10,000 are expected to arrive at Joji shortly. After disinfection, they will be sent to Malsuma, Himsti, Kyoto, etc.

The generals will be treated in the best possible manner. It is unlikely any of the prisoners will be brought to Tokio.

The Gazette announces today that the Russians have delivered five survivors of the Third Japanese expedition to block the entrance to Port Arthur harbor.

In well-informed circles it is estimated that the original garrison of Port Arthur numbered about 38,000 to 40,000 men, including the sailors.

The killed, those who died of sickness and the missing are placed at over 10,000.

STOESSELS EXPECTED RELIEF.

Kuropatkin Sent Him Word that He Would Save Port Arthur.

Headquarters of the Third Japanese Army at Port Arthur, Jan. 7, Via Tien Tsin, Jan. 9.—Captain Tsunoda, the Japanese staff officer who was sent to Port Arthur to inform General Stoessel of the contents of the message of the emperor of Japan saying that the garrison should be treated with the greatest consideration says:

General Stoessels' first inquiry was about the whereabouts of General Kuropatkin. I said I did not know exactly but understood he was somewhere about Mukden.

General Stoessels remarked that he had last heard from General Kuropatkin Oct. 6, saying he would come to relieve Port Arthur soon. General Stoessel added that he had sent out Chinese spies who returned and reported that General Kuropatkin with a relieving army was at Kinchou, 20 miles north of Port Arthur. General Stoessels was plainly incredulous at my statement that General Kuropatkin had been defeated and driven back toward Mukden so I produced maps showing him the position of the two armies near the Shakhe river and gave Stoessels details of Kuropatkin's defeat with the loss of 50,000 to 60,000 men, at which the Russian general expressed amazement and quickly remarked that he had been misled.

General Stoessels then asked where the Baltic fleet was, and I told him that some of the ships had not passed the Cape of Good Hope.

"With a hopeless expression General Stoessels said:

"Now that Port Arthur has fallen there is no use for the fleet coming any further."

Heavy Rain in Philadelphia.

Philadelphia, Jan. 10.—The effects of last night's heavy rainfall which was driven by a 66-mile gale are in evidence today in all sections of the city and environs. The most serious results is the swollen Schylkill river, which is 17 feet above normal at Manayunk, a suburb. Fourteen mills are closed as a result of the flood and 4,000 hands are idle.

Missouri's Republican Vote.

Jefferson City, Mo., Jan. 10.—For the first time since 1868 the electoral vote of Missouri was cast today for Republican presidential and vice presidential candidates. Theodore Roosevelt for president and Charles W. Fairbanks for vice president received the full vote of the electors who met and canvassed the vote of the state.

PATENT BUTTON SAVES LIFE.

Prevented a Knife Entering His Body During a Fight.

San Francisco, Jan. 10.—A patent metal hook or button which substitutes for an ordinary button on the wearing apparel of Fred Reidel, a grocery clerk living at No. 53 Scott street, saved the young man's life.

According to the surgeons who sewed up the inch-long wound which now marks Reidel's abdomen, the knife of George E. Lederer would have carried deadly results had it not been has abrogated his recent order that no which caused the blade to glace upward, and thus narrowly miss the vital organs.

Reidel received his injury as the termination of an hour's wrangle between himself and Lederer. The latter is a stenographer, residing at No 223 Pierce street. The wound was given him in the midst of a free-for-all fracas which took place in the park opposite Keidel's home. It happened at 10 o'clock at night.

"We were clinched," said the wounded boy as he lay in his bed. "Suddenly I felt a sharp, stinging pain in by stomach. I realized that Lederer had a knife and that I had been stabbed. I broke away and ran home. When I arrived my clothing was soaked with blood."

SPIRITUALST COLLAPSED.

Was Pastor of Church and Prominent Among Her Sect.

New York, Jan. 10.—Mrs .Mary S. Pepper, pastor of the First Spiritualist church in Brooklyn, and widely known among followers of spiritualism, collapsed from heart trouble Sunday night in her pulpit just at the conclusion of a "reading" in which she had denounced an attempt of a young man in the audience of 500 or 600 to trick her. Attempts by persons in the church to restore Mrs Pepper to consciousness were fruitless, and two physicians were summoned. They succeeded finally in restoring her and she was removed to her home in a cab.

The collapse of the woman came soon after the conclusion of her "reading." As is customary in the church, a number of articles belonging to dead persons were placed upon her desk, and she announced that she would put herself in communication with the spirit world. The first article was in a sealed envelope.

Train Stalled by Snow Drift.

Woodruff, Wis., Jan. 10.—Stalled in a great drift that covered the cars to the windows of the Dac du Flambeaux Indian reservation, 4 miles from any white habitation, without food and in danger of being frozen to death should steam in the engine boilers fail, 40 passengers from Ashland, Bessemer and Ironwood spend 24 terrible hours on a Northwestern train in a two days' blizzard. That they did not perish is due to Conductor Beatty, who plowed his way through five hours of blizzard to this village and summoned assistance; to the brave lumber camp foreman, George Ennis, who brought them food and furnished the men to dig the train out and to engineer Donahue and his firemen who worked on their disabled engine, lying on their backs in the snow for hours, that the fire might be kept under the boilers.

Husband and Wife Insane.

Indianapolis, Jan. 10.—An unusual case of insanity brought to the attention of the police is that of Mr. and Mrs. Harry Carlisle, of No. 44-½ South Delaware street, both of whom are detained at the police station. Both were patients at the Central hospital for the Insane before they were married. Both were taken in charge by the police because of their strange actions.

Old Sea Captain Drowned.

Mobile, Ala., Jan. 10.—Captain Tom Benton, of the tug boat Eleanor, was drowned off the mouth of Fish river in Mobile Bay yesterday. He was missed at this point, but no one saw him fall overboard. He was an old seaman and resided at Bon Secour. He leaves a widow and several children. The body has not been recovered.

JOSEPH W. FOLK IS NOW GOVERNOR

Young Democrat Holds Reins Over Missourians.

A SERVANT OF ALL THE PEOPLE

Patriotism Should Always Rank Over Partisanship—Extract of His Inaugural Address at Jefferson City When He is Sworn in Office.

Jefferson City, Mo., Jan. 10.—In the presence of a large audience Joseph W. Folk, who was elected governor of the state of Missouri in November, took the oath of office and delivered his inaugural address.

Governor Folk was elected by a good majority, but the Republicans carried the state for president. He spoke in part:

"Partisanship is a good thing sometimes, but patriotism is a better thing all the time. Partisanship is well enough when it does not conflict with patriotism, but patriotism is a higher virtue than partisanship. Some of you are Democrats, some are Republicans, all are Missourians. In the discharge of official duties, let us be Missourians before we are anything else. Do not forget that you will be aiding the party you may belong to most by giving the public the highest service. You cannot help your party by injuring the public. One may be in private life a Democrat or Republican, but when he steps into the public office he becomes a public servant—a servant of all the people.

JOSEPH W. FOLK.

"When you come before the people to give an account of your stewardships, the account must be for public service and not for party work. Your party nominated you, the people elected you, and sent you to serve the public and by that service you will reflect credit or discredit on your party. You are here as legislators, not as politicians, and the welfare of the state should ever be your first consideration. If the public weal should conflict with party advantage or personal ambition, the public good should prevail."

A Zion City for Mexico.

Chicago, Jan. 10.—John Alexander sometimes called Elijah III, and erstwhile Dr. Dowie, is no longer to be a priest, prophet, financier and founder of a single Zion; his greatness and his happiness require a constellation of holy cities, and he confirmed the floating rumors of a month last night with a declaration that he expects to have started at least seven Zion cities before another New Yor. One other Zion, he said, will surely be built within the year 1905. It is to be a city surrounded by a million fertile acres of hill and valley and the capital of a district that will include within its boundaries eight rivers, a mountain range with peaks 1,000 feet hith, and a shore line of 52 miles on the Gulf of Mexico.

Students Expelled from Davidson.

Raleigh, N. C., Jan. 10.—The faculty of Davidson college, which is controlled by the Presbyterian churches in North and South Carolina, have expelled 24 students, four of them seniors. Among the charges were chicken stealing and drunkenness. The faculty acted promptly and sternly. The looting of a railway car loaded with tobacco was also one of the offenses.

SHOT OUT BOTH HER EYES.

Woman, Handling Parlor Rifle when It Is Accidentally Discharged.

Tifton, Ga., Jan. 10.—A very sad accident occurred Sunday at McDonald's mills, in Coffee county, in which Mrs. W. M. Buford, an aged lady at that place, was seriously if not fatally injured.

W. T. Buford, a son of Mrs. Buford and his little boy, Lester, 6 years of age, had gone hunting with a parlor rifle. Upon their return to the premises Mr. Buford gave the rifle to his little boy, Lester, and asked him to carry it to his grandmother and have her put it away. Lester went in the house with the rifle, and when his grandmother reached to take it from him, Lester threw it to his shoulder.

The rifle was discharged, the ball first striking Mrs. Buford in the left temple, going straight through the head, taking both eyes out and lodging in a plank in the wall.

The best medical aid was at once summoned, and at last accounts Mrs. Buford was resting as well as could be expected, though it is said that there is no hope for recovery.

RECOVERS HIDDEN TREASURE.

According to Reports, $150,000 Was Found in Old Brick Vault.

Ne wYork, Jan. 10.—A tale of recovered hidden treasure amounting to $150,000, according to some versions, has become public to ornament the histories of sudden wealth in the recent Bronx real estate boom.

In an old brick vault underneath the site where once stood Theodore Macey's mansion, workmen, who are excavating are said to have found a rustry, iron-bound chest containing enough money to pay for the modern apartment house that is to be erected. The chest is now in the house of the owner of the ground.

The Macey mansion, with the single exception of a clubhouse, was the last of the many colonial homes that since ornamented what is now the Bronx. The house was situated at Longwood and Prospect avenues, and was sold a short time ago to the present owner.

SHOT DOWN NEAR HIS HOME.

Atlanta Man Victim of Footpads—Little Hope of Recovery.

Atlanta, Jan. 10—William H. Turner was shot down by footpads Saturday night, and carried to the Grady hospital Sunday because his condition was not as favorable as had been hoped for.

A hemorrhage is almost positive proof to the physicians that he has been shot through the lungs, and a fever, which developed late Saturday night, gave rise to serious apprehension as to his recovery.

The shooting of Turner has caused much discussion in police circles. He was shot so near his home that his wife heard the report of the pistol. She says when the noise startled her she at once thought something had happened to her husband.

Bill to Tax Bachelors.

Boonville, Ind., Jan. 10—Henry Eliza Agar, representative-elect from Gibson county, Indiana, believes that all men should be married and that a bachelor has no right to live single and has decided to introduce a measure at the next session of the legislature to tax bachelors. The bill provides a tax of 10 cents on each $100 of the salary of all able-bodied bachelors over the age of 35, who have an income of $100 or more, provided the bachelor is not the mainstay of the family depending upon him for support. He proposes to divide the revenue received from this assessment, giving 10 per cent to the school fund and 90 per cent to the various orphans' asylums of the state.

Rome Murderer Adjudged Insane.

Rome, Ga., Jan. 10.—Jack Bone, the Floyd county murderer, sentenced to death for the murder of Farmer Zach Hall, has been pronounced insane by a commission of physicians appointed by Governor Terrell, and instead of going to the gallows next Friday, Jan. 13, the time to which he was respited by the governor, he will go at once to the state sanitarium at Milledgeville, there to remain until his sanity shall have been restored.

IRELAND IN CLASP OF AWFUL FAMINE

Conditions In Western Counties Beyond Comprehension.

LANDLORDS MEANEST IN WORLD

Many Will Starve to Death Unless Outside Aid Is Forthcoming—Ireland Suffering More Than Any Time In Past Fifty Years.

London, Jan. 10.—From reports arriving daily from the famine-stricken counties of western Ireland, it is now certain that the failure of the potato crop will plunge those districts into more bitter and acute distress than has been experienced in half a century.

In spite of the sneering references to the impending period of want by the government organs, it is known that the relaization of what the conditions in the stricken districts will be, is complete enough in England to inspire an unusual amount of preparation for its relief.

That such relief, even when it is combined with that to be afforded by the more prosperous sections of Ireland, will fall far short of the needs of the situation is clearly shown by those who have recently visited the counties of Connaught, Connemara and Meath. While it is admitted that the full effects of the failure of the potato crop will not be felt until the end of January, the misery, want and suffering among the people of the affected districts are already very great.

Comparatively destitute in their most prosperous seasons, the conditions of the poor tenants of the patches of clay land between the boulders of the western counties is beyond the comprehension of those who are accustomed to see the lowest mark of destitution registered by poor clothing and insufficient food.

While the cattle belonging to the wealthy landlords are fattening on the fertile tracts of pasture land, from which the tenants have been driven, the tillers of the arid patches and their families are actually starving. Starving, too, in the very beginning of their winter, with their crops a total failure, and the only chance of continued existence lying with the relief committees and board of guardians, who have admitted their inability to successfully deal with the situation.

The auctioneer, who fills the place of sub-sheriff in Meath, advertises in one issue of the local papers some 7,000 acres of grass land and the sale of some few farms. Here the finest land in creation is half rotten for the want of drainage, the hedges, untrimmed and growing into the fields, the thistles and the nettles flourishing. What a dreadful picture it presents! But while the problem awaits solution the poor must not be allowed to starve.

The landlords of the west are the meanest, hardest, cruellest of all. Nowhere are such ruthless blood suckers to be found. They have crowded the people out into the barren places and have left whole stretches of fertile land under the herds of hogs. Those who have seen the wretched land on which the people live are amazed that any one would think of extracting money from people who raise a living from such a soil. Yet out of the poor lands of Connaugh almost a million is taken in rent.

Drastic Effort to Save Husband.

St. Louis, Jan. 10.—Fearful lest her husband would be killed in a fist fight and seeing no other way to distract his attention from the man who was assailing him, Mrs. William Ruckman, a bride of three weeks, attempted to jump into the Mississippi river at Alton. Had not friends divined her purpose had rushed after her, it is probable she would have carried out her intention. Ruckman and his wife were waiting at the Terminal station in Alton for a train to take them to West Alton. Daniel Kite, between whom and Ruckman there is an old feud, walked into the station and in a short time the old grudge was taken up and the two men started to pummel each other.

MR. WATTS LOST PROPERTY BY FIRE

His House, With All Contents, Burned on Monday Evening.

LOSS ABOUT THREE THOUSAND

With Small Insurance—Fire Discovered In the Kitchen Early in the Evening. But Origin Was Unknown—Mr. Watts And Family Here.

The home of Mr. and Mrs. Henry F. Watts, located about two and one-half miles northeast of the city, was entirely destroyed by fire about 8 o'clock Monday evening, the building and its contents having been consumed. The only property saved was a sewing machine, two chairs and a half-dozen mattresses.

The origin of the fire is unknown. Mr. Watts, in referring to the matter Tuesday, stated that on Monday evening he was engaged in butchering a number of hogs. Upon finishing his work, about 7:30 o'clock, he went into the house and sat down to a daily practice, that of reading The Sun. While deeply interested in his work Mr. Watts noticed a reflection from the kitchen, at the same time exclaiming that the house was on fire.

Every effort was made to save the property, but without avail, and in a short time the house, with contents, had been reduced to ashes.

Mr. Watts stated that his loss, including building and furniture, would reach in the vicinity of $3,000. He is positive of $600 insurance, but says he could not say definitely whether he was more fully insured or not.

Mr. Watts seems to be a creature of misfortune as regards loss by fire. About four years ago he was the victim of a similar occurrence, resulting in a complete loss of all his possessions. He has the sympathy of his friends and the public generally.

Mr. and Mrs. Watts are temporarily at the home of Judge and Mrs. Syd L. Carter, East Gainesville. While it is positive that he will rebuild his home, it is difficult to tell at this time just when this will be done.

MILL AND FACTORY SALE.

George W. Hyde Enjoying Fine Trade. Store Crowded at All Times.

As the best evidence that 'it do" pay to advertise, The Sun refers its readers to the continually crowded store of Geo. W. Hyde, the result of a mill and factory sale advertisment which he placed in this paper recently.

In this advertisement Mr. Hyde announced that he had associated himself with Shepherd Watson of the Mill and Factory Syndicate of New York, for this special sale only. Mr. Watson, in addition to Hyde's tremendous and diversified line of dry goods, etc., bought a quantity of mill and factory ends, direct from the mills, which were placed on sale with the regular line at ridiculously low prices. It did not require the carefully perusing public long to determine that there were bargains, with the result that the sale began successful and continued so.

Mr. Hyde will continue this sale until Monday, the 16th inst. The line includes everything in dry goods, ladies' furnishings and millinery, as well as ladies' and gentlemen's and children's shoes, and those desiring real bargains will do well to avail themselves of this opportunity.

ACQUIRES NEW PROPERTY.

R. T. Schafer of North Gainesville Purchases Fine Lot Adjoining Home.

R. T. Schafer, the North Gainesville baker, has added another valuable piece of property to his possessions, having purchased the lot adjoining that of his own from Francis Cellon.

This lot is one of the most desirably located in North Gainesville. Its acquisition gives Mr. Schafer a "strip" facing two streets, which comprises two large and handsome building lots. The friends of this young man are congratulating him upon his purchase.

Accommodations Wanted.

Ferdinand Bayer, secretary of the Florida Winter Bible Conference of this city, which opens on the 5th day of February, says that he would like everyone who can accommodate boarders, or who can furnish rooms, or take table boarders, to send him a list of how many they can accommodate and give rate per day, week and month. He is receiving inquiries every day, and would like this information at once in writing so that he may be [illegible]

IT ALWAYS HELPS

An ailment like consumption that has been months and years getting a foothold cannot be relieved in a week or day. Scott's Emulsion will always afford relief and often cure, but not over night. The consistent use of Scott's Emulsion will positively help the consumptive at any stage of the disease. We guarantee nothing beyond this, but we know that right living and Scott's Emulsion have done more to cure consumption than anything else.

Scott & Bowne, 409 Pearl St., New York.

MR. ASHLEY WILL BE HERE.

Will Bring Sister and Other Friends to Gainesville in a Few Days

One of the best friends Florida in general and Gainesville in particular ever had is W. W. Ashley of Eaton Rapids, Mich., who with his sister, Mrs. Smith, has been spending the winter here for several years. They have been the guests of the Odd Fellows' Home, and have made many friends, by their regular visits, who always delighted to greet them, but regret to see them leave.

For business reasons Mr. Ashley and his sister were unable to come South last winter, and were greatly missed about the big cheerful fireside of the Odd Fellows' Home; but they are going to "make up" for their absence last season by bringing a party this year, as will be noted from the following letter from Mr. Ashley to the city editor of The Sun:

"We expect to leave this place for Florida on January 9th, and will go to Rockledge for a week or so, or to some other place on the East Coast, after which we will probably go to Gainesville and settle down to enjoy life.

"There will be three besides my sister and myself—Mrs. Helen Vaughn, Mrs. R. S. Spencer and her little daughter Helen—comprising mother, daughter and granddaughter. I hope they will like it in Gainesville and, I think they will. Mrs. Vaughn is an old acquaintance of ours and a most estimable lady.

"I told another gentleman and his wife about Gainesville, but I do not know whether they went there or not.

"We have had some cold weather—down to 18 below zero, and Mrs. Smith has had a hard cold, but the winter specials do not start until January 9th, so we have waited until they will be in operation. Remember me to all my friends there."

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

He Shot the "Crane."

A good story is related at the expense of a certain young sportsman in this city, whom it is said is a good shot, but becomes under certain conditions very nervous and agitated. This is especially noticeable when he comes in contact while hunting with some game out of the ordinary.

A few days ago this young man and a companion started on a hunt. Shortly after entering the woods, the companion noted a strange-looking object hung over a knot on a pine tree trunk. This object was only partially exposed, and the companion exclaimed to his friend, "Great goodness! Look what a big crane!"

"Let me shoot it! Let me shoot it!" wildly ejaculated the young sportsman, as he cocked his gun and crept cautiously to within a short distance to where the "crane" was perched. He did shoot it with both barrels simultaneously, and when he recovered himself and got the sand out of his eyes and mouth he discovered that—

It was the half-bleached skull of a cow.

Oldest Land Office in Country.

Huntsville, Ala., Jan. 10—The United States land office in this city, which has been ordered discontinued on Feb 28, and moved to Montgomery, is the oldest active land office in the United States. It was established in 1810 and is, consequently, 9 years older than the state itself. Its territory includes old Lebanon, Cedar Bluff and Center land divisions, these offices having been discontinued more than a quarter of a century ago. Since the establishment of this office 94 years ago, there have been 28,398 homestead entries approximating 3,000,000 acres, besides many thousand of cash purchases of Cherokee Indian school lands.

Sheriff Has Charge of Woman.

Cleveland, O., Jan. 10.—Judge Wing, of the United States district court, has abrogated his recent roder that no person should be allowed to see Mrs. Chadwick in the county jail without a written permit signed by the United States marshal. His decision places Mrs. Chadwick absolutely under the jurisdiction of the sheriff while she continues to be confined in the county jail, and the latter official will have the sole authority to say who shall or shall not see her. It is intimated that the federal officials may take further action to prevent this, possibly by removing Mrs. Chadwick to some other jail or prison.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

Prominent Horseman Suicides.

Thomasville, Ga., Jan. 10—Barton G. Leg, a prominent horseman, and well known throughout south Georgia, suicided here this morning at 8 o'clock. He went to an outbuilding at his home and shot himself through the temple with a pistol. His body was discovered by his wife. He left a note saying that ill health was the cause of his suicide. Recently he had been in financial difficulties. The verdict of the coroner's jury was "death by his own hands." The victim leaves a widow and three children. He was well connected. The funeral will occur tomorrow.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Poor Woman.

Mrs. Gidday—I thought you were entirely satisfied with your hat. Mrs. Dresser—So I was until my husband got the bill. Mrs. Gidday—Oh, why should his growling worry you? Mrs. Dresser—But that was the trouble. He didn't growl at all, showing that I might easily have got a more expensive one.—Philadelphia Press.

Good Comfort.

The most solid comfort one can fall back upon is the thought that the business of one's life—the work at home after the holiday is done—is to help in some small nibbling way to reduce the sum of ignorance, degradation and misery on the face of this beautiful earth.—George Eliot.

Discretion.

Mrs. Younghusband—Why can't you stay at home this evening, George? Your employer can get along without you. George—I know it, but I don't want him to find it out.

Knows Everything.

Mayme—What a gossip Mrs. Gadby is! Edith—Yes, indeed. I never tell her anything without finding out that she has already told it herself.—Philadelphia Bulletin.

It is astonishing how much time some people have to spare for the supervision of other people's business and how well they do it—in their minds.—Binghamton Press.

Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood.

Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy.

Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the re-inforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at $1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

LETTUCE MOVEMEMT HAS BEEN HEAVY

About Twenty Carloads Shipped From G. & G. Alone.

COVERED CROP NOT TOUCHED

It Has Been the Unprotected Crop Harvested So Far, With Few Exceptions—Prices Have Been Good. The Cauliflower Crop.

Notwithstanding that the protected or covered lettuce crop has not yet begun to be harvested, the unprotected crop, which has been unusually early this season, has been moving regularly, and from the lettuce section, especially along the line of the Gainesville and Gulf, the movement has been good.

An official of the Gainesville and Gulf Tuesday stated that so far this season about twenty cars of lettuce had been shipped from the farms traversed by his road, and that indications pointed to a still further increase.

The movement of cauliflower is expected before the end of the week. There is a vast acreage of this delicious and well-selling vegetable along the Gainesville and Gulf. Cauliflower always brings fancy prices, when it is good—and that is the only kind grown in this section. The growers consequently expect to reap a good thing from this product.

Indications are that there will be on the line of the Gainesville and Gulf the coming season the largest acreage in potatoes ever known to this section. The movement of seed potatoes is heavy, and all planters expect to sow liberally.

A VALUABLE TRANSFER.

B. R. Colson and J. W. Blanding Purchase Valuable King Estate.

One of the most important real estate deals transpiring in this city for some time was the deal recently consummated, whereby B. R. Colson of the Alachua County Abstract Company and J. W. Blanding purchased from Fred W. King the valuable King estate, located in East Gainesville.

The property acquired by Messrs. Colson and Blanding comprises twelve lots, 100 feet front by 150 deep. These lots face on Alachua avenue and King street, and are among the most desirable in the city for building purposes. The fact that Alachua avenue is now being paved will make the property more desirable, and inasmuch as it will be placed on the market will no doubt make a ready sale.

Appointed a Delegate.

Hon. H. H. McCreary, State Senator from Alachua county, has received appoitment by Governor Broward as a delegate to the National Good Roads Convention, to be held in Jacksonville under the auspices of the Jacksonville Board of Trade on January 19, 20 and 21.

The subject of good roads is now agitating the public mind throughout the more progressive counties of the State, and no better improvement can be made that will prove of greater moment to the State.

A large crowd is anticipated at this convention, and it is confidently believed that the exchange of ideas, together with the suggestions offered by the government experts who will be there and the actual working of the machinery in the construction of highways will prove a big thing and result in great benefit.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

Attention, Woodmen.

The regular meeting of the Woodmen of the World, which was called for Monday evening, adjourned until Thursday evening. This meeting will convene in the hall of the P. O. S. of A., over Chesnut's store. Officers will be elected for the ensuing term, and a full attendance is desired.

A Bee's Sting.

The sting is a bee's only weapon. It is not the single spear that it appears to the naked eye, but consists of three prongs, each beautifully grooved into the others, thus forming a sort of tube, through which flows the poison from the sac, to which the sting is attached. As soon as the point of the sting enters the flesh two of the prongs, which are barbed, begin to work forward alternately. When one has been thrust forward its barbs catch in the flesh and hold while the other is being thrust forward, and this motion, which also pumps the poison from the poison sac, is continued until the sting has penetrated to its full length. The sting, accompanied by its appendages, is almost invariably torn from the bee and remains in the flesh of the unfortunate victim—unfortunate bee, too, as the loss of its sting is eventually followed by death. Hence it can be said that a bee literally defends its home with its life.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Animals That Never Die.

At the very bottom of the scale of nature lies a vast class of organisms so simple in form that naturalists hesitate whether the vegetable or the animal kingdom has the more right to number them among its subjects. These animals may be said never to die. Their constitution is so simple and so easily adaptable that they never suffer from disease, and the laws of their being forbid them to grow old. Serious, they propagate themselves by fission, separating into two or more segments, each of which is perfectly alive and independent.

The Stinging Tree.

The stinging tree of faraway Queensland is a luxurious shrub, pleasing to the eye, but dangerous to the touch. It grows from two or three inches to ten or fifteen feet in height and emits a disagreeable odor. A traveler says: "Sometimes while shooting turkeys in the shrubs I entirely forgot the stinging tree till I was warned of its close proximity by its smell and have often found myself in a little forest of them. I was only once stung, and that very lightly. Its effects are curious. It leaves no marks, but the pain is maddening, and for months afterward the part when touched is tender in rainy weather or when it gets wet in washing, etc. I have seen a man who treats ordinary pain lightly roll on the ground in agony after being stung, and I have known a horse so completely mad after getting into a grove of the trees that he rushed open mouthed at every one who approached him and had to be shot. Dogs when stung will rush about, whining piteously, biting pieces from the affected part."

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c. guaranteed.

Sacred Mountains in Japan.

Travelers in Japan are astonished to find the grandest shrines throughout the land situated on the tops of high, precipitous mountains. This is because every mountain in that country is dedicated to some deity who is believed to be its guardian. These temple grounds are covered with the oldest and largest forest trees, and to the eyes of the people below the effect of the clouds which hover around the peak has originated the belief that the gods hold the power over the clouds to give or withhold rain.

Obeyed Orders Strictly.

The sentinels at Pompeii who died at their posts during the eruption because they had received no orders to leave them are held up as types of perfect obedience, but then the punishments in the Roman army were brutal, and they knew it. Different was the case of an individual who, being ordered to take a hot bath by his doctor, complied with the order and remained in it until the learned man paid his next visit. The doctor exclaimed when he heard, "Why, it is enough to kill you by parboiling or chill!" "It was all your fault," said the bather sulkily. "You only told me to get into a hot bath. You ought to have told me when to get out as well."

The Monks of Tibet.

A traveler in Tibet says that the peasant women of that country are cheery and, when washed, buxom and comely. The monks are the blot on the landscape. They bear no resemblance to the women of the country. One would think they belonged to a different type, and yet they are the sons and brothers of these women. The reason probably is the low, degraded life led by the ordinary monk, a life without interest, without work, devoid of any pursuit, intellectual or otherwise, and passed in the droning of chants and the performance of ritual, the meaning of which they neither know nor care about.

The Upper Amazon Basin.

The whole upper Amazon basin is subject to annual overflows which make it impossible to build homes on the rivers, as we are accustomed to do on our American rivers. There are only a few points in all the great stretch of river country that are above the flooding point, and these are commonly composed of rock or clay, quite unfit for cultivation.

City Visitor's Oversight.

Uncle Josh (after seeing urban guest take the train)—That feller may know a heap about city ettyket, but he wouldn't pass fer no Chestyfield in these parts. Uncle Lish—Wouldn't, hey? Uncle Josh—No, sir. W'y, he stayed weth me three days an' never once proposed t' go out an' look at my hawgs.—Judge.

Her Hard Luck.

"I made an awful faux pas last night," said Mrs. Oldcastle.

"Did you?" replied her hostess. "I've been wantin' to make one for a long time, but I ain't been able to get a pattern. Whose did you have?"—Chicago Tribune.

Rev. Carlisle P. B. Martin, L. L. D., Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

The man who goes about his work in a cheerful manner lightens his duties by so doing.

The Dowager Empress of China is building for herself a tomb which will cost $4,000,000.

The increase in women who are doing men's work has been 40 per cent in the last ten years.

Even worse than the idler is the busybody. The ant is industrious, but who wants his job?

Russia's population is said to be increasing at the rate of 1,500,000 a year. This indicates that it is easy to raise people anywhere.

The witty, wise and wicked paragraphs of The Congressional Record will be under the same old management for the six years to come.

Forty-five million dollars was the cost of Christmas presents in Chicago. One and a half million was paid for candy. A sweet record for the year.

There are 2,996 students at Yale this year. If Yale were a woman's college we might be justified in supposing the number had been marked down from 3,000.

"I firmly believe that the day of the strike is over," says T. V. Powderly. We believe so, too. It passed the twenty-four limit some years ago, and has been a continuous performance ever since.

The average pay of the public school teacher in Indiana is estimated by the State Teachers' Association to be $420.32 per year. This is about $200 a year less than the average pay of a street cleaner in New York.

The Macclenny Standard is now edited by Tate Powell, formerly with The Lake Butler Star. Mr. Powell is a young man of ability and "push," and The Standard will doubtless flourish under his control.

Not all of the horrors of sudden and bloody death are associated with war. During the twelve months ending June 30th last, 3,787 persons were killed and 51,843 injured as a result of railroad accidents in the United States.

Only domestic rates of postage will be required by the new treaty governing the rates of postage between this country and Panama. The government has made up its mind that Minister Barrett shall be able to buy something at home prices.

The fast tourist trains are now on, and hundreds of Northerners are seeking the delightful climate of Florida. A majority of the hotels in the State are now open, and from indications the present season will prove a very successful one from a tourist standpoint.

The patent office is one of the few bureaus of the government that pays its way and adds to the government revenue. Since 1837 it has been turning into the treasury of the United States large sums of money, the amount this year approximating $200,000. This is a surplus after all the expenses of the department are paid. It is stated in the patent office that the year 1904 will exceed all others in the number of patents issued. More than 31,000 were issued in 1903, but the figures for 1904 will be in excess of 35,000. This gives some idea of the mechanical progress of the United States.

The doctors seem bound to drive those people crazy who will listen to them about microbes. The latest appalling statement comes from a Paris famous medical expert, who declares that fire does not destroy disease germs. So the old theory that firewater taken into the stomach would kill microbes must be abandoned and nothing short of wood alcohol will do the business. The doctor will certainly not deny that wood alcohol will kill anything.

Congress will soon re-assemble and the voice of the statesmen will be heard through the land. Speaker Cannon, who is a man of few words, has been heard to compare Congress to the boat described by Lincoln which was so constructed that every time the whistle blew the boat stopped. Not being too haughty to mix his metaphors, Mr. Cannon adds, "The wheels of government, boys, are clogged with speech."

The question of our navy personnel is an important one and other than the naval committees in Congress are discussing it. With the present plans for building ships the need for officers whose efficiency has been thoroughly tested, and well disciplined men becomes more insistent, since it is upon these that the protection of this costly government property depends.

Chadwick is rather hesituting in his expressions of belief in his wife's honesty. Is this caution, or mere passion for the naked truth? If the former, it might be well to remind him that the world never goes back on a man for standing by his wife. Witness the sales of Egerton Castle's last novel in which a neglected husband pays his wife's gambling debts.

A number of philantropic men and women have organized a society to provide healthful exercise for the poor man. They will provide golf links close to the cities and public gymnasiums. In the meantime the poor man can sustain his physical system by an attack on the wood pile and the spring carpet cleaning as of yore.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

The Nebraska-Missouri boundary line question is still the companion of the query as to who struck Billy Patterson. The United States Supreme Court decided the other day that it is not where the Missouri is but where it used to be, not taking into consideration that the only thing more difficult than to know where it used to be, is to find out where it is going to be.

The Department of Commerce and the Interstate Commerce Commission complain that they have not funds to make their investigations of the trusts. They should turn the questions over to some old ladies' home, where money is not needed as an incentive to investigation.

The Washington Times seriously inquires, "Will the new public buildings reflect true American art?" Until some one discovers true American art the question will remain unanswered. In the meantime we still have ancient Greece, Rome and Scandinavia to draw from.

It is claimed that the President is seriously interested in jiu jitsu and is an ardent student of it. The majority of people will not subscribe to it until some of the muscular fraternity say McGovern or Gans are pitted against a jui jitsu expert and knocked out by him.

The Lobster's Claws.

If you take the trouble when you save up money enough and purchase a lobster to notice the claws you will observe that each is peculiar and quite materially differs from the other. One claw is a scissors, the other a mill; one is a cutter, the second a cracker.

Practically a lobster has ten legs, but of these only eight are used in walking. Of these ten legs the front pair, the claws, are employed in selzing and crushing its prey. Generally the right claw is the more slender and longer and has sharp teeth on its edges, while the other has no teeth, but blunt tubercles, or hammers. This left claw is operated by stronger muscles. Sometimes, however, the scissors claw is the left one and the hammer, or crusher, claw is the right.—Kennebec Journal.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. BANK IN FINE CONDITION.

eeting Stockholders First National. Election of Officers.

The annual meeting of the stockholders of the First National Bank was held in the bank building Tuesday, at which the election of officers was held as follows:

Jas. M. Graham, president; Geo. W. Hyde, vice-president; H. E. Taylor, cashier; Lee Graham, assistant cashier. Directors—Jas. M. Graham, Geo. W. Hyde, H. E. Taylor, Lee Graham, Perry M. Colson.

The meeting was well attended. A general review of the business for the past year was very encouraging, and showed the financial condition of the institution all that could be desired. Officered by as clever and efficient gentlemen as controlled the affairs and destinies of the bank, it is no wonder that its report will show up favorably with any financial institution in the State. The First National Bank has never been in a more prosperous condition, and the people of this section who are depositors have confidence in the future of the institution.

Dr. Jones' Lecture.

The Memphis (Tenn.) Avalanch-Appeal says of Dr. J. Wm. Jones, the famous lecturer, who is to appear here on the 13th inst.:

"The oration was a brilliant one, and brought out beautiful in the light and strong, manly characteristics of the Confederate hero."

Dr. J. Wm. Jones is one of the most noted and most impressive lecturers on the platform today. He is enthusiastically received wherever he appears, and his appearance here for the benefit of J. J. Finley Chapter and Battle Abbey jointly will no doubt be a great success. He will lecture here on that subject dear to all, "The Boys in Gray."

A DISTINGUISHED PARTY.

Officers of Georgia Southern Taking Trip Over G. & G.

A distinguished party of railroad officials who are attached to the Georgia Southern and Florida Railroad, with headquarters in Macon, Ga., arrived in the city last night in their private car, and this morning will leave over that road by special train on a tour of investigation to points South.

In the party are C. M. Grady, general superintendent, J. M. Cutler, general freight agent, and Commercial Agent Dawson. The party will be joined here by Superintendent Barker and other officials of the Gainesville & Guls.

The Gainesville & Gulf, traversing one of the most fertile and wealthiest agricultural and horticultural sections of the State, has always been a valuable "feeder" to the Georgia Southern—in fact, it has been said the most valuable connecting with that system—and the purpose of these officials is to determine about the number of cars which will be required to meet the demand of the growers during the coming season.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Clerk Kills His Employer.

Selma, Ala., Jan. 10.—Sunday morning at 11 o'clock Walter Lawrence shot Herman Belman, the wound proving fatal. The shooting occurred in Belman's store, Lawrence was a clerk of Belman's. There were no witnesses. It was first given out by Belman as an accident, but later, when told that he would probably die, made statements that it was not an accident, but that Lawrence shot him when being accused of being too intimate with his (Belman's) wife. Lawrence is in jail.

Confederate Officer Dead.

New York, Jan. 10.—Major Charles H. Parmelee, a native of Augusta, Ga., who served as a commissary officer in the confederate army, is dead at home here with liver trouble. THE NEWS FROM MELROSE.

Influx of Northern Visitors—Town Election—Other Notes.

Melrose, January 10.—Rev. C. H. Sistrunk preached his first sermon at the Methodist church on Sunday to a large and appreciative congregation.

The first social tea of the season will be given by the Ladies' Literary Society on Tuesday night at their hall.

At the town election held on Tuesday the following were elected councilmen: A. A. McRae, W. A. Vogelbach, W. H. Lee. W. E. Priest was elected town clerk.

T. B. Ellis and Deputy Sheriff J. H. Granger of Gainesville were in town on Monday on legal business.

Rt. Rev. Bishop E. Y. Weed will hold morning service at 11 a. m. and evening service at 7:30 p. m. in Melrose on January 22d.

The first meeting of the Melrose Reading Club was held at Mrs. Ovis' on Wednesday p. m. Hereafter the meeting will be every Wednesday until the close of the season.

F. L. Carrier has had quite a run on the very pretty postal cards with Melrose and Florida scenery photographs on them, made by him. Some have gone as far as China and India.

Quite an influx of visitors and regular winter residents took place during the week. Among them are Messrs. Chamberlain, Abrams and Edicks of Kalamazoo, A. Patterson and J. Patterson, wife and child of Louisa, Ohio, Mr. and Mrs. Geo. Keeler and son of Cheshire, Conn., and Mr. and Mrs. T. Billam of Ansonia, Conn.

Explorers Reported Safe.

New York, Jan. 10.—Anxiety as to the safety of the steamer Baronique bearing Earl Fitzwilliams and a party of distinguished Englishmen, voyaging in the southern Pacific, has been set at rest by dispatches from Panama, cables the Herald's London correspondent. Mysteriously circulated reports last week were to the effect that an accident had befallen the party but they apparently had little foundation and the earl is now said to have landed in Panama, and is on his way home.

Greek and Latin Clergy Fight.

Jerusalem, Jan. 10.—The Greek Christmas observances in the Grotto of the native city at Bethlehem were marked by a sharp fight between Greek and Latin clergy arising from the old-time jealousy regarding protection of the Grotto. The Greek patriarch was celebrating midnight mass when Franciscan monks created a disturbance. A collision ensued resulting in some bloodshed. The governor had to be summoned to quell the rioting.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

President Appoints Postmasters.

Washington, Jan. 10.—The president announced the following appointments today:

Georgia—Andrew D. McComb, Buena Vista; Mary L. Darden, Hogansville; W. C. Cole, Lawrenceville; Clarence W. Withoft, Fort Valley; David B. Rigdon, Statesboro; Mary P. Dixon, West Point.

Indian Territory—William T. Brooks Broken Arrow; John P. Bradbury, Wetumpka.

Mississippi—Henry L. Rhodes, Ackerman.

Fifty Persons Freeze to Death

Berlin, Jan. —More than fifty persons were frozen to death in the provinces of Eastern Prussia, Western Prussia and Posen during the recent cold period including two letter carriers, the driver of a post wagon, a policeman and 15 fishermen. Nothing has been heard of the lightship stationed off Borkum reef, Hanover, which broke away from her anchorage Friday night during a terrific storm and went adrift. The government has sent out a steamer to search for the missing vessel. The lightship has a crew of 14 persons.

Spoiled Her Beauty.

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

56 Valuable Articles

is offered for the freight-car coupons on Good Luck Baking Powder can labels. Besides beautiful pieces of jewelry, the list includes attractive articles of wearing apparel and handsome things for the house. You can get them easily and quickly—and you'll be surprised at their value. Five of the premiums are illustrated above. For full description and pictures of the whole list see the little Good Luck Premium Book in each can. The positive purity, the perfect wholesomeness of

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

NEWS TERSELY TOLD.

Nellie Cummings, an old actress of note, died in San Francisco today in poor circumstances, of asthma.

The condition of Bishop Spalding, stricken with paralysis at Peoria, Ill., Friday night, is much improved today.

Victor Murdock, of St. Asaph, Va., was found guilty of selling liquor without a license. He was fined $2,000, and given 30 days in jail.

The jury in the Marcum-Hargis damage suit at Winchester, Ky., came into court today and asked for more time to consider the case. The request was wranted.

William Spencer, a mulatto, was put to death in the electric chair in Sing Sing prison today for the murder of Charles S. Mearland, near New York city, June 15, 1903.

Residents of Silver Creek, O., are terrified over the prospect of every residence in the place sinking into the deep coal mines beneath the town. Several buildings have been swallowed up.

The inauguration of J. Frank Henley, of Lafayette, Ind., as governor of Indiana, took place today. The capitol was brilliantly decorated, nad thousands of people crowded the corridors.

Mrs. Sarah Finney aged 71, died at Kansas City, Kans., and requested that her body be cremated and that her daughter next summer scatter her ashes on the Atlantic between America and England.

Edward Baker, of Angola, Ind., 83 years old, caught alive a splendid specimen of an American eagle after a struggle which he will never forget. He has the bird in his corn crib to show for his prowess.

Ten inches of snow fell at Memphis throughout early morning, seriously impeding street car traffic and delaying trains from one to three hours. The storm extended over an erea as far west as Little Rock, Ark.

Nora Hunkler, of Hamilton, O., 18 months old, choked todeath on a walnut kernel. The baby and its 5-year-old brother were eating the nuts when a piece of kernel lodged in the youngest child's windpipe.

Because his curiosity led him to open some letters which he found along the Pere Marquette tracks, Charles Craft has been landed in jail at South Haven, Mich., and is charged with violating the postal laws.

Worry over the disappearance of a friend's umbrella, which he borrowed, and over the fact that his honesty had been questioned, broke down the health and mind of William Katker, of Cincinnati, and caused his death.

Charles S. Deneen was inaugurated today as the twenty-third governor of Illinois, in the presence of both houses of the legislature, members of the supreme court and hundreds of others prominent in the political life of the state.

George B. Cortelyou, chairman of the Republican national committee, was one of the passengers who sailed for the Mediterranean today on the White Star Liner Canopic from Boston, Mass. Mr. Cortelyou said he was going abroad for a rest.

The Sunderland steamer Dinnnigton, which collided off Rams Gate, Eng., yesterday, with the Belfast schooner Dispatch and which was believed to have sunk with her crew of 10 men, arrived safely in the Thames today. The Dispatch was towed into Rams Gate.

The foreign office of Paris announces the appointments to the legion of honor of Maurice de Komiski, agent of the French trans-Atlantic Steamship company at Chicago; and Charles H. Steinway, senior member of the New York firm or Steinway & Sons.

The business of the meeting of the National Baseball commission at Cincinnati may have to be indefinitely postponed on account of serious illness of Harry C. Pullam, president of the National League, who is bedfast at the St. Nicholas hotel with nervous prostration.

Independent whisky men of Peoria, Ill., were somewhat nonplussed by the action of the trust in reducing the basing price from $1.23 to $1.22. Representatives of the three big independent houses in this city said this morning that they had not been officially notified of the cut, but they supposed they would meet it.

Superfluous Details.

Caller (looking at picture)—Does your mamma paint? Little Son—Yes, but she's through with that an' is puttin' on the powder now. She'll be down in a minute.

With a Reservation.

"I suppose," said the physician to the father, "that you would throw physic to the dogs?"

"Not good form," the other returned.

The Earnest Workers' Society of the First Presbyterian Church will hold an important meeting at the home of Mrs. C. C. Pedrick, West Main street, S., at 3 o'clock this afternoon, at which a full attendance is desired.

P. M. Oliver departed yesterday for Levy county, where he will engage in a fishing and hunting expedition for a few days. Before leaving he ordered The Sun sent to Otter Creek, so that he might keep posted on the happenings of the day.

Jesse Clark, the clever and successful traveling salesman for the Roundtree Trunk and Bag Company, Richmond, Va., has gone to Tampa and other points in South Florida in the interest of his line. He expects to be absent several days.

Among the prominent visitors to this city is Hon. E. L. Gable, United States deputy collector of internal revenue, who is here on official business. He states that he is well pleased with Gainesville, and complimented the city on its rapid growth and commercial and manufacturing development within the past few years.

Insure with Cushman & Hill.

Chas. Neel, a progressive farmer of Hague, was trading in the city yesterday.

Robert W. Hendley of Arcadia was registered at the Brown House yesterday.

J. T. Collins of Fort White was among those who came to Gainesville on business yesterday.

T. H. Wallis of Ocala, one of the cleverest traveling men on the road, was at the Brown House yesterday.

Dr. W. C. Johnson, the druggist and a leading citizen of Micanopy, was among the visitors to this city yesterday.

B. L. Barlow of Evinston, one of the progressive young men of that section, was transacting business in this city yesterday.

C. B. McClunny and B. D. Hiers, progressive business men of Cadillac, were registered at the Brown House yesterday.

George Montgomery of Windsor was in the city yesterday. He made The Sun an agreeable call, renewing his subscription.

Joel T. Weeks of Waldo, one of the successful merchants of that progressive town, was a business visitor to this city yesterday.

W. B. Phifer, the naval stores operator who conducts a big farm at Abbott, is spending a few days with his family in this city.

A new shed is being substituted in front of the Broome building, East Main street, in place of the old one which has furnished faithful service for many years.

Among the prominent Pennsylvanians visiting Gainesville are Dr. J. P. Sangeston and son, who is also a physician, from McClellantown. These gentlemen, with their families, are pleasantly located at the Endel Inn. Both are noted physicians of the Keystone State, and are here for the health of the young Dr. Sangeston, who is compelled to take a rest from overwork. It is hoped their sojourn here will be pleasant, as well as beneficial.

Rev. Thos. P. Hay of the First Presbyterian Church has announced that the following new members have been received into the church: Mr. and Mrs. A. S. Albright, son Russell and daughter Nellie, and E. W. Forman, all of Terra Alta, W. Va., and Mrs. Robt. E. Davis of this city. Mr. Hay very significantly adds for the information of the congregation that Mr. Albright and family reside in the Arnold house, Northeast Gainesville, Mr. Forman at 512 West Main street, N., and Mrs. Davis on West McCormick, near Arredondo street.

Tax Collector Dickinson and Assessor Colson have gone to the West End, where they will spend a few days officially. They have just returned from High Springs and Alachua. Collector Dickinson states that the taxpayers have met him promptly and willingly, with the result that collections have been good. He says it is the best evidence of the prosperity of the people in the country, for those who a few years ago found it a difficult matter, and in some instances a hardship to pay the taxes on property, now do the same cheerfully and without protest. This is indeed a condition of affairs for which everyone should feel thankful.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Insure with Cushman & Hill.

John Videon and son of Archer were among the visitors to this city yesterday.

J. B. Padgett, the naval stores operator who is interested extensively in several establishments in this State, departed yesterday in charge of a gang of ten men for his farm near Lakeland.

Special Agents A. Paul and A. F. Naff of the United States land office departed yesterday for South Florida on official business. Captain Paul will visit points in Citrus and Hernando counties, while the time of Col. Naff will be taken up in Orange and Lake. This will begin his field work in Florida on this trip, having just been assigned, at his own request from a clerical position in the general land office at Washington.

Meeting Board of Trade.

An important meeting of the Gainesville Board of Trade is called for this afternoon at 3 o'clock in the council chamber. Business of the greatest importance to the city of Gainesville, especially the merchants and business men and heavy shippers, and a full attendance of this class is requested and desired. Remember, 3 o'clock at the council chamber. Let there be a full attendance. W. G. ROBINSON, Pres.
W. M. PEPPER, Sec.

Jersey Stock Arrives.

The Jersey stock recently purchased by Manager N. A. Callison of Spring Park Farm, Bennington, from the Biltmore Estate, Biltmore, N. C., arrived in the city Tuesday by express, and attracted a large crowd. The cattle are handsome, and were admired by all who saw them and appreciated good blood. They were taken immediately to Spring Park Farm, where they will be used for breeding purposes.

COWS ARE NUMEROUS.

They Parade the Streets in Violation of Law and Are Arrested.

"There ain't much doing in my line now when it comes to arresting people, but I am making it up on cows," remarked Chief of Police Pinkoson, Tuesday, as he was returning from the "cow jail," where he had just locked up a fine cow for violating the ordinance prohibiting the running at large upon the streets of Gainesville of any cattle or hogs.

Officer Pinkoson states that, notwithstanding the owners of cattle are aware of the ordinance, they will persist in permitting their cows to roam around the streets with no more object in view than a tramp, with the result that he is compelled to arrest them and place them in pound. There is a fee of from fifty cents up for impounding cattle, owing to the number of days they are confined, and the most unpleasant feature of the proceeding is when the time for settlement comes. Officer Pinkoson declares, however, that if the owners of cows allow them on the street, realizing full well the law, he proposes to impound the cattle regardless of the unpleasantness that may follow.

Change of Schedule.

There has been a slight change of schedule on the Atlantic Coast Line. The only change, however, affecting Gainesville is the arrival of the morning train from High Springs. This train, which formerly left High Springs at 9 o'clock and was due to arrive here at 10:30 a. m., now leaves that point at 7 o'clock and is due in Gainesville at 8:30.

There are no other changes affecting the arrival and departure of trains over the Atlantic Coast Line, but some slight changes have been made in the movement of trains on the Seaboard.

On the Seaboard the train from Cedar Key to Jacksonville leaves at 7:40 a. m.; what is termed the "noon train" over this road from Jacksonville will arrive at 12:45 p. m., instead of 11:40 as formerly, and will leave for Waldo, making Jacksonville connection, at 2 p. m. instead of 1:40 p. m. The train from Jacksonville in the evening will arrive in Gainesville at 5:26 o'clock.

The public will be governed accordingly.

Addition to Menagerie.

A valuable addition has been made to the Brown House menagerie which will be appreciated, especially by the Northern tourists who will visit this hospitable resort the coming season. This addition is in the form of a trio of young bald eagles, recently hatched, and which were captured in Santa Fe hammock. Manager Joe Ettel secured the birds at a great deal of trouble and expense—but he was determined to have them at any cost.

The collection at this menagerie is now one of the most diversified and interesting in this section, and is admired by all who see it.
